Water Testing Rates: BMC vs MPCB

For Vishnu Shivam Tower: Borewell water and Kitchen water, plus Dissolved Oxygen | Prepared 29-10-2026 | All amounts in ₹ per sample

About the rates: MPCB rates are taken from MPCB's published "Laboratory Analysis Charges, Water & Wastewater Samples" schedule. Items marked *confirm* were not available when this was prepared and must be confirmed with the MPCB laboratory. BMC rates are from the MCGM Municipal Analyst Laboratory fee schedule (circular effective 01-04-2026). BMC charges per **package**, not per parameter. GST, if any, is extra. Confirm all rates with the lab before you submit samples.

Note: invoice ORD/26-27/2061 is from **Varni Analytical LLP**, a private NABL lab, not from BMC. It is shown below for reference only.

1. The laboratories

Item	BMC (MCGM) Municipal Analyst Lab	MPCB Laboratory
Location	G/North Ward Office, Dadar (W), Mumbai	MPCB regional lab (Navi Mumbai / Mumbai). Confirm which lab serves Kandivali.
Main purpose	Drinking water and food testing (IS 10500)	Environmental, effluent and water-pollution testing
How you pay	Fixed package fee	Fee per parameter, plus a sampling fee if MPCB collects the sample
Sample drop-off	Mon–Sat, 10:30 am – 4:30 pm (confirm)	At the lab, or MPCB staff collect it
Report time	About 24 hours (WhatsApp/email)	Usually several working days
COD, BOD, TSS, Oil & Grease, DO	Not part of the potability packages	Available

2. Rates by parameter

#	Parameter	Borewell	Kitchen	MPCB (₹)	BMC
1	Total Coliform	✓	✓	*confirm*	Bacteriological package **₹970**
2	E. coli	✓	✓	*confirm*	
3	Odour	✓	✓	*confirm*	Chemical potability package (IS 10500 routine) **₹1,960** covers parameters 3–17
4	Taste	✓	✓	*confirm*	
5	Colour	✓	✓	*confirm*	
6	pH	✓	✓	150	
7	Turbidity	✓	✓	150	
8	Conductivity	✓	✓	150	
9	Total Dissolved Solids	✓	✓	250	
10	Total Hardness	✓	✓	250	
11	Magnesium	✓	✓	*confirm*	
12	Total Alkalinity	✓	✓	250	
13	Sulphate	✓	✓	*confirm*	
14	Calcium	✓	✓	250	
15	Silica	✓	✓	*confirm*	
16	Chloride	✓	✓	250	
17	Fluoride	✓	✓	500	
18	Total Suspended Solids	✓	–	250	Not offered (use MPCB or a private lab)
19	Chemical Oxygen Demand	✓	–	850	
20	Biochemical Oxygen Demand	✓	–	1,500	
21	Oil & Grease	✓	–	*confirm*	
22	**Dissolved Oxygen (new)**	✓	✓	250	Not offered
	Sampling by MPCB staff (grab)	optional		550 / point +250 per extra grab at the same point	Society brings the sample

An older MPCB schedule listed lower rates (for example DO ₹100, TDS ₹100, Hardness ₹100, Fluoride ₹200, Odour ₹60). The higher figures above are from the newer MPCB page and are taken as current.

3. Cost per sample

Cost item	MPCB: Kitchen	MPCB: Borewell	BMC: Kitchen	BMC: Borewell
Rates confirmed above	2,200	4,800	2,930	2,930
Dissolved Oxygen	250	250	n/a	n/a
Rates still to confirm	*8 items*	*9 items*	–	–
Confirmed total	**₹2,450 + TBC**	**₹5,050 + TBC**	**₹2,930**	**₹2,930***
Indicative total (estimate)**	₹4,000 – 5,500	₹7,000 – 8,500	₹2,930	₹2,930*
Optional sampling by MPCB	+550	+550	–	–

* At BMC the borewell sample gets only the 17 drinking-water parameters. TSS, COD, BOD, Oil & Grease and DO are not included.
** Estimate assumes the unconfirmed MPCB rows cost about ₹150–1,000 each, with the bacteriological tests at the higher end. Use it for budgeting only.

Reference: current private lab (Varni Analytical LLP, invoice ORD/26-27/2061, dated 27-10-2026)

Item	Amount (₹)
Partial water testing as per IS 10500: same 17 parameters as the kitchen report. Sample about 1 litre, report in 3 working days.	1,500.00
CGST 9% + SGST 9%	270.00
Total	**1,770.00**

Borewell extras (TSS, COD, BOD, Oil & Grease) and DO are not on this invoice. Ask Varni for a rate.

4. Cost of the full plan (both samples + DO)

Option	Covers	Approximate cost (₹)
A. All tests at MPCB	Everything, including DO and COD/BOD for the borewell	7,500 confirmed; about 11,000 – 14,000 in total
B. Kitchen at BMC + borewell at MPCB	Kitchen: 17 parameters (no DO). Borewell: everything.	2,930 + 5,050 confirmed = 7,980 + TBC
C. Kitchen at Varni + borewell at MPCB	Kitchen: 17 parameters (DO not quoted). Borewell: everything.	1,770 + 5,050 confirmed = 6,820 + TBC
D. Both samples at BMC	Drinking-water parameters only. No DO, COD, BOD, TSS or Oil & Grease.	5,860

5. Recommendation

- **Kitchen (drinking) water: BMC** is the cheapest government option at ₹2,930 and gives a quick report. Varni is cheaper still at ₹1,770, but it is a private lab.
- **Borewell water: MPCB**. BMC does not test COD, BOD, TSS, Oil & Grease or DO, and these are needed to track the borewell's contamination.
- **Dissolved Oxygen:** only MPCB offers it, at ₹250 per sample. The oxygen must be fixed on site, so ask MPCB to collect the sample (₹550) or use a lab that measures on site.
- Before booking, ask MPCB for its current full rate list and whether GST applies.
